

## Report from Emergency Planning Working Group.

We are forging ahead with a 'first draft' for the new Emergency Plan.

Several of our group will be attending Emergency Planning Training on the 15th July.

We are hoping to have delivery of the 'What to do in an Emergency' Z-cards by end of August ready for distribution on foot by any willing volunteers. We have divided up our new A1 map into sections to be covered.

Courtney Walsh, East Suffolk Councils Emergency Planning officer is in liaison with Wickham Market Primary school regarding their status as an Emergency Rescue centre. More information will be relayed in next report.
